Exhibitor Statements

Mr. Naeli, CEO of Iran Food Machinery Manufactures' Association and Director of Koosheshkaran Co.

Tehran's "pacprocess" exhibition is a different and a world-class exhibition. The distinction of this exhibition with other exhibitions in Iran is in the way of informing, holding and attending specialist visitors and domestic and foreign buyers. Due to the very positive feedback of the exhibition in the first year, I hope that in the next year this exhibition with more power will be held as a successful event in the region.

Mr. Davoodi , Director of Herfe-o-Fan Co. Carton Machines Manufacture

We are glad that the first special pavilion of the carton industry in Iran started at this exhibition. The exhibition gives an opportunity not only to see our clients and discuss our current projects, but also to hear something new and find new customers.

Mr. Kamran Satvat-Manesh, CEO of digi Graphix

The position of Shahr-e-Aftab international exhibition, its distance from Tehran and also visiting of experts and specialized visitors from this exhibition, distinguishes it from other exhibitions". He add: " We were able to communicate with the exhibition organizer easily and the exhibition was so disciplined such as that the location of stands were determined a few months before the opening ceremony".

Mr. S.Hossein Salehi, CEO of Hi-Pack printing and packaging complex

It was a remarkable exhibition and I admire

its organizers for making an exhaustive effort. Although it was the first edition, the standards were high and we were truly satisfied". "We have many visitors from different cities, all of them who visited our stand, were pleased with the position of exhibition" he added.

Mr. Eghbal, Director of Eghbal industrial printing Co.

said: "Our complex exports to Germany, Portugal and Spain. We participated in this exhibition. We appreciate the suitable behavior of organizer and we were satisfied with the exhibition. I will certainly participate in the next year's exhibition and I recommend my friends to do so".

Mr. Hamdam, Director of Shargh Sanat Co.

With over 30 years of experience in the dairy packaging specialist machines industry, we have exported to the countries of South America, North Africa, Turkey, Iraq, Afghanistan, Turkmenistan and Pakistan. The presence of reputable foreign companies in this exhibition as well as having appropriate exhibition standards made us to participate in regards to have more contract and export.

Visitors Statements

Mr. Hossein Talebi, Food packaging manufacturer:

we were able to meet the latest achievements and technologies in the field of printing and packaging for dry food.

Mrs. Nazanin Farahani, pharmaceutical Company Director

Through our field of activities, we need to know more about the new packaging achievements for pharmaceutical and sanitary products. we were able to meet powerful companies in the exhibition and we hope to see more foreign companies which are active in preserving medicine packaging in the next years.
